Carlos Eduardo de Andrade
Curriculum Vitae

AT&T Labs Research
10375 Centurion Pkwy N, Jacksonville, FL, 32256, USA
Phone: +1 (904) 407-2820
E-mail: cea@research.att.com

Professional Interests

Combinatorial Optimization; Mathematical programming; Exact, approximation and heuristic methods; Operations research; Network design and optimization; Optimization in big data; Machine learning.

General Qualifications

Experience with operations research, mathematical and algorithmic models for hard combinatorial optimization problems using integer programming, approximation algorithms and heuristics. Teaching experience as professor of computer science for technical and undergraduate students. Experience with software modeling and production using object-oriented languages specially C++, Python, R, and Julia.

Education

2010–2015 Ph.D. in Computer Science by Institute of Computing at the University of Campinas – UNICAMP (Brazil).
Thesis tittle: Evolutionary Algorithms for some Problems in Telecommunications
Advisor: Flávio Keidi Miyazawa, D.Sc.
Co-advisor: Mauricio Guilherme Carvalho Resende, Ph.D.

2004–2006 Master's Degree in Computer Science by Institute of Computing at the University of Campinas – UNICAMP (Brazil).
Dissertation tittle: An exact algorithm in two-dimensional level strip packing.
Advisor: Flávio Keidi Miyazawa. D.Sc.

2000–2004 Bachelor's Degree in Computer Science by University of Lavras – UFLA (Brazil).
Academic project: Optimization Model for Transportation in Reduced Environments.
Summa Cum Laude

Relevant Graduate-level Coursework

Approximation Algorithms, Mixed Integer Programming, Polyhedral Combinatorics, Graph Theory, Complexity of Algorithms, Randomized Algorithms, Algorithmic Game Theory, Machine Learning, Distributed Computing, Code Optimization.

Professional Experience

2015–present AT&T Labs Research, Middletown, NJ, USA.
Position: Senior Inventive Scientist (researcher).
Advance Technology Department.
Working on projects related to network design and optimization using Software Defined Networks instrumented by big data.

Feb–Aug, 2015 School of Industrial Systems and Engineering – Georgia Institute of Technology.
Position: Postdoctorate fellow.
Project tittle: High performance computing for mixed-integer programming.
Supervisor: George L. Nemhauser, Ph.D.
Co-supervisor: Shabbir Ahmed, Ph.D.
Funding: Exxon-Mobil Research and Engineering.

2012–2014 AT&T Labs Research, Florham Park / Middletown, NJ, USA.
Position: Researcher / Intern.
Algorithms and Optimization Research Department / Network Evolution Research Department.
Working on projects related to network design and optimization.

2006–2010 Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes, MG, Brazil.
Position: Professor.
Teaching Algorithms and Programming, Operating Systems, Structured Programming, and Web Programming in technological courses. Vice-Chief of IT Department. Participating in committee for selection of students, intern issues committees, and others.

2003–2004 SWFactory Consulting and Systems LTDA, Lavras, MG, Brazil.
Position: Software Engineer.
Worked in some projects using J2EE technology.

Scientific and Technical Committees:

1. IEEE International Conference on Computer Communications and Networks (ICCCN), 2015–present;

Referees

Journals:

1. Applied Soft Computing;
2. Computers & Operations Research;
3. IEEE Transactions on Evolutionary Computation;
4. International Transactions in Operational Research;
5. Journal of Experimental Algorithms;
6. Journal of Optical Communications and Networking;
7. Networks;
8. Optimization Letters;
9. Optimization Methods and Software;
10. Optimization and Engineering;
11. RAIRO – Recherche Opérationnelle;
12. Revista de Informática Teórica e Aplicada (RITA).

Conferences:

1. ACM Symposium on Parallelism in Algorithms and Architectures (SPAA)
2. Brazilian Symposium of Operational Research (SBPO);
3. IEEE International Conference on Computer Communications (INFOCOM);
4. IEEE International Conference on Computer Communications and Networks (ICCCN);
5. IEEE Military Communications Conference (MILCOM);
6. International Symposium on Experimental Algorithms (SEA);
7. International Workshop on Hybrid Metaheuristics (HM);
8. Learning and Intelligent Optimization Conference (LION);
9. Multi-conference on Systemics, Cybernetics and Informatics;
10. (Brazilian) National Congress of Mathematics applied to the Industry (CNMAI).

3. **C.E. Andrade**, R.K. Sinha, W. Zhang, S. Puthenputa. *System & Method for Model-driven Optimization Micro-services on Cloud-like environments.* United States Patent and Trademark Office # 2016-1812. Date: 04/14/2016.

4. S. Byers, **C.E. Andrade**, V. Gopalakrishnan, E. Halepovic, D.J. Poole, L.K. Rran, C.T Volinsky. *Facilitation Of Efficient Software Downloads For Vehicles.* United States Patent and Trademark Office # 2016-0273. Date: 06/27/2016.

Grants and Projects

2015 *High performance computing based algorithms for mixed integer programming.*
Postdoctorate fellow at Georgia Institute of Technology.
Grants: ExxonMobil Research and Engineering.

2012–2013 *Algorithms for network design problems.*
Visitor/doctoral-sandwich project at AT&T Labs Research.
Grants: The State of São Paulo Research Foundation - FAPESP.

2010–present *Algorithms for network design problems (old title: Algorithms for Winner Determination Problem in Combinatorial Auctions).*
Grants: The State of São Paulo Research Foundation - FAPESP. CAPES Fellowship (Brazilian Government Agency).

2004–2006 *Two Dimensional Cutting and Packing Problems.*
Master dissertation project.
Grants: The State of São Paulo Research Foundation - FAPESP. CAPES Fellowship (Brazilian Government Agency).

2003–2004 *Study of Non-linear Systems Methods and Application in Design of Forage Base Cutting Device.*
Position: Scientific Initiation Student.
Grants: The State of Minas Gerais Research Foundation - FAPEMIG.

Awards and Honors

2017 Making a Difference Team Award, AT&T.

2016 Capes Thesis Award: Second Best Thesis in Computer Science in Brazil.

2016 Best Thesis in Computer Science from the Institute of Computing, University of Campinas, Brazil.

2013 Runner up of New Jersey Chapter of INFORMS Student Operations Research Contest.

2012 First Place in São Paulo Brazil Hackathon sponsored by Facebook.

2010, 2009, 2008 Honored professor. Institute of Technological Education Sul of Minas Gerais - Campus Inconfidentes, Brazil.

2008 Approval in public competition of exams and titles to assistant professor position, University of Alfenas, Brazil.

2008 Accepted for PhD in computer science to University of Copenhagen, Denmark.

2006 Approval in public competition of exams and titles to position of professor of basic, technical and technological levels, Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes, Brazil.

2004 *Summa cum laude* for having received the computer science diploma in first position, with overall score of 88%. University of Lavras, Brazil.

2003 ACM International Collegiate Programming Contest 2003. Our team was among the 30 best Brazilian teams.

Organizing Committees

2016–present IEEE International Conference on Computer Communications and Networks (ICCCN). Technical program committee.

2015 INFORMS Annual Meeting, Philadelphia, PA, USA. Session chair.

2009 Week of Training and Qualification in Simulation of Electronic Games. Joint work with A.F. Machado and D.M. Tavares, CEFET-MG.

2007 First Workshop on Python Language of Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes.

2004 VI SECICOM - Computer Science Week of University of Lavras. II EMECOMP - Regional Meeting of Computer Science Students.

2003 V SECICOM - Computer Science Week of University of Lavras.

Participation in Boards

MBA Monograph Examinations - 2008

ANDRADE, J. C.; CASTRO, M. T. M.; ANDRADE, C. E.. Participation In Board of Sérgio Diogo de Pádua. Electronic Sales Opportunity for Public Institutions. 2008. Monograph (Improvement/Specialization in Business Strategic Management and Entrepreneurship) - ASMEC.

ANDRADE, J. C.; CASTRO, M. T. M.; ANDRADE, C. E.. Participation In Board of Andréa Aparecida da Silva. Determining the cost for training of the sales price for a company of accessories for curtains: a research-action. 2008. Monograph (Improvement/Specialization in Business Strategic Management and Entrepreneurship) - ASMEC.

ANDRADE, J. C.; CASTRO, M. T. M.; ANDRADE, C. E.. Participation In Board of Marco Antônio Pereira Lopes. Business Plan for Obtaining Credit Banking: an optimization approach. 2008. Monography (Improvement/Specialization in Business Strategic Management and Entrepreneurship) - ASMEC.

Selective Process and other boards

2009, 2010 Selective process committee of public competition of exams and titles to assistant professor position, Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes.

2007, 2008 Students Selective Process Committee - Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes.

2007 Intern Disciplinary Committee - Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes.

Given mini courses

Advanced Informatics (training course - 60h). Federal Institute for Education, Science and Technology Southern of Minas Gerais - Campus Inconfidentes, 2008.

Basic Python (20h). First Workshop on Python Language of Institute of Technological Education Sul of Minas Gerais - Campus Inconfidentes, 2007.

Basic Linux (15h); Basic C++ (15h). On VI SECICOM - Computer Science Week of University of Lavras, 2004.

On-line C Language Course (60h). University of Lavras, 2002.

Event Participation (no talk was given)

DIMACS Workshop on Distributed Optimization, Information Processing, and Learning, New Brunswick, NJ, USA, 2017.

NSF Algorithms in the Field (AiTF) Workshop on Algorithms for Software-Defined Networking, Piscataway, NJ, USA, 2016.

New York Area Theory Day - Courant Institute of Mathematical Sciences. New York, NY, USA, 2013.

Workshop of Natural Algorithms and the Sciences. Princeton, NJ, 2013.

Facebook Hackathon Finals, 2012.

Facebook Hackathon regionals, São Paulo, Brazil, 2012.

VI Workshop of Theses, Dissertations and Undergraduate Research Works in Progress of the IC-UNICAMP, 2011.

Workshop on Theory and Algorithms on Discrete Structures, 2011.

Google Developer Day 2010 São Paulo.

Permanent Forum of Information Knowledge & Technology - Next-generation Networks: Evolution and Complexity. University of Campinas, 2008.

19^{th} International Symposium on Mathematical Programming. Rio de Janeiro, 2006.

II International Seminar of Science and Technology in Latin America - Latina - The University as Promoter of Sustainable Development. Campinas, 2005.

ACM International Collegiate Programming Contest. Campinas, 2003.

XXIII Congress of Brazilian Computer Society. Campinas, 2003.

PRO-Quality 2003 - Quality on Software Production. Lavras, 2003.

ACM International Collegiate Programming Contest. São Paulo, 2002.

Academic Activities - Teaching Assistant

From August to December 2011 - Teaching Assistant of Analysis of Algorithms II (360h). Institute of Computer Science, University of Campinas.

From March to July 2005 - Teaching Assistant of Introduction of Computer Programming (360h). Institute of Computer Science, University of Campinas.

From July to December 2002 - Teaching Assistant of Programming Languages II (360h). Department of Computer Science, University of Lavras.

From May to August 2002 - Teaching Assistant of Programming Techniques (360h). Department of Computer Science, University of Lavras.

From March to July 2001 - Volunteer Teaching Assistant of Algorithms and Data Structures II (360h). Department of Computer Science, University of Lavras.

Languages

Portuguese – native.

English – excellent reading, good comprehension and writing.

Also speaks C++, Python, Bash, Latex, and some Julia and R.
